## **DETAILED ACTION**

### ***Response to Amendment***

1. The response filed February 15, 2005 is acknowledged.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Claim 8 remains withdrawn.

### ***Claim Rejections - 35 USC § 102***

4. Claims 1-7, 12 and 13 are rejected under 35 U.S.C. 102(b) as being anticipated by Woodward (5,312,040).

Woodward discloses a cleaning and releasing device comprising: an injection nozzle 116; a pressurized liquid flow passage 32; a pressurized gas flow passage 62; operating means 36; detecting means 12; a hand valve 102; a switching valve 14; a controller 26; powder and granular supply means 16.

### ***Response to Arguments***

5. Applicant's arguments filed February 15, 2005 have been fully considered but they are not persuasive.

Applicant argues that Woodward's device cannot spray a mixture of pressurized gas and pressurized liquid with the granular material. Claim 1 merely recites, "for mixing and then injecting a pressurized and a pressurized gas..." Claim 5 recites, "...for

spraying a gas-liquid mixed jet flow formed by supplying a powder and granular material..." Claim 1 does not require a mixture of a mixture of pressurized gas and pressurized liquid with the granular material. Additionally, claim 1 and claim 5 merely recite intended use. A recitation with respect to the manner in which a claimed apparatus is intended to be employed does not differentiate the claimed apparatus from a prior art apparatus satisfying the claimed structural limitations. Finally, Woodward discloses, in column 7, lines 19-24, spraying a liquid and gas, and also discloses, spraying gas (air from conduit 50), liquid 33, and granular material (from supply 16).

### ***Conclusion***

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
